ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Regular Share (Savings), Youth Savings, Venture High Yield Savings, C.U.M.M.A. (Credit Union Money Management), Youth Checking, and Advantage Checking accounts, the dividend rate and annual percentage yield

may change at any time as determined by the Credit Union's Board of Directors. The dividend rates and annual percentage yields are the rates and yields as of the last dividend declaration date that is set forth in the separate Rate Sheet. Advantage Checking accounts are tiered rate accounts. The balance ranges and corresponding dividend rates and annual percentage yields applicable to each tier are disclosed in the separate Rate Sheet. For Advantage Checking accounts, each dividend rate will apply only to that portion of the account balance within each balance range. The Venture High Yield Savings account is a stepped rate account.

The initial dividend rate on your Venture High Yield Savings account is the first rate listed for this account in the separate Rate Sheet. After that time, the second rate listed for this account will be paid every month. The annual percentage yield for this account is set forth in the separate Rate Sheet.

2. PERKS CHECKING ACCOUNTS — For Perks Checking accounts, your monthly service fee will be waived when you: a) make 25 debit card purchases (minimum of \$5.00 per purchase) that post and settle to your account; b) have a minimum of \$500.00 in direct deposits that post and settle to your account; and c) are

enrolled to receive e-statements during the defined qualification cycle. The monthly qualification cycle is defined as the period beginning on the 24th of the calendar month through the 23rd of the following calendar month. Account transactions may take one or more business days from the date the transaction was made to post and settle to the account.

3. ADVANTAGE CHECKING ACCOUNTS — For Advantage Checking accounts, your monthly service fee will be waived when you: a) maintain a minimum daily balance of \$1,000.00 and b) have a minimum of \$1,000.00 in direct deposits that post and settle to your account within the defined monthly qualification cycle. The monthly qualification cycle is defined as the period beginning on the 24th of the calendar month through the 23rd of the following calendar month. If the minimum daily balance and direct deposit requirements are not met during the qualification period, you will be charged a service fee as stated in the Schedule of Fees and Charges

4. NATURE OF DIVIDENDS — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

5. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends and the dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period.

6. ACCRUAL OF DIVIDENDS — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. For Venture High Yield Savings, Youth Checking, and Advantage Checking accounts, if you close your account before accrued dividends are credited, you will not receive the accrued dividends.

7. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a Regular Share (Savings) account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Regular Share (Savings), Youth Savings, Venture High Yield Savings, C.U.M.M.A (Credit Union Money Management Account), Youth Checking, and Advantage Checking accounts, there is a minimum daily balance required to earn the annual percentage

yield disclosed for the dividend period. If the minimum daily balance requirement is not met each day of the period, you will not earn the annual percentage yield stated in the Rate Schedule. For accounts using the average daily balance method as stated in the Rate Schedule, Dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period. For accounts using the daily balance method as stated in the Rate Schedule dividends are calculated by applying a daily periodic rate to the principal in the account each day.

8. ACCOUNT LIMITATIONS — The Venture High Yield Savings account is only available to members who receive AMOCO Investment and Retirement services. For Advantage Checking accounts, one account is allowed per primary social security number. See additional account restrictions on Advantage Checking accounts within the product description noted in section 3. For Regular Share (Savings), Regular Share (Non-Dividend Bearing Savings), Youth Savings, C.U.M.M.A. (Credit Union Money Management Account), Everyday Checking, Reset Checking, Youth Checking, and Perks Checking accounts, no account limitations apply.

9. FEES FOR OVERDRAWING ACCOUNTS — Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit card transaction (if member has consented to overdraft protection plan for ATM and one-time debit card transactions), preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Membership and Account Agreement and Funds Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your approved limit. Please refer to Fee Schedule for current fee information.

For ATM and one-time debit card transactions, you must consent to the Credit Union's overdraft protection plan in order for the transaction amount to be covered under the

plan. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document the credit union uses to capture the member's opt-in choice for overdraft protection and the Fee Schedule.
